HIGHLIGHTS FROM LAST WEEK!

Thank you for all your pics & vids... 

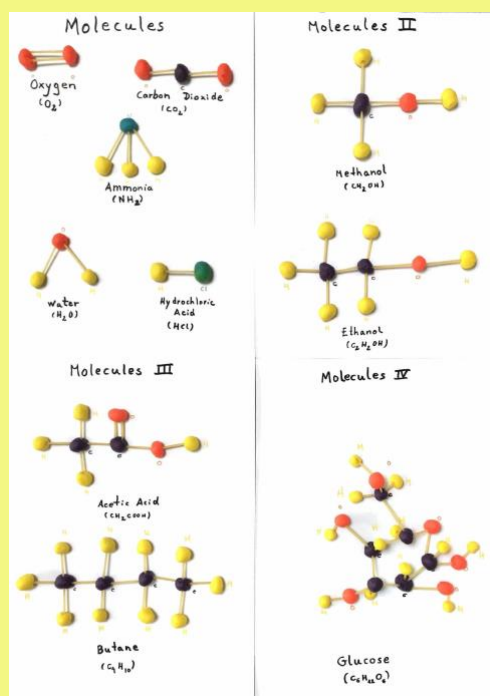

The **Bonhomme Girls** have been so enthusiastic - look at that pile of recyclables they used to make their 'egg protection device'! 🥚

We had lots of pics to choose from **Nitrogen Niamh!** I think this is my favourite... her Geodesic Den! 🏠

The **Candy Kids** getting messy in the garden with Magic Mud! 🧪

Fantastic work from **Matias!** He created so many molecules out of play-doh and cocktail sticks and documented the evidence! 🧪

MAD SCIENCE HOME LAB: Exciting demonstrations and practical activities for **4-11 year olds...** with some for you to do at home! See [equipment list](#) in video description!
