**Learning  
Hive**

Learning Hive is an expert after school tuition provider that targets Maths and English through an interactive and engaging curriculum. Fuelled by a passion to aid learning, further academic achievement and secure social development, we work with the school, the child and their parents to nurture each child's true potential. Learning Hive work with no more than 6 children per group to one tutor with a large team of tutors only from Russel Group Universities. The 1:6 ratio ensures children receive the attention and time they need. Our resources are made bespoke to each child and our resources are catered to a child's ability, not their academic year.

**Learning Hive will be delivering a 1.5 hour after school club from 3.30pm – 5pm on Mondays and Tuesdays starting from Monday 7<sup>th</sup> June 2021, at John Ruskin school.** The club is open to year 1-6 with a minimum requirement of 30 children.

We have a qualifying criteria which determines whether parents receive **full funding** for the programme or if they receive a **heavily subsidized** rate of £10 per hour (£20 for 2 hours). If parents meet the criteria for a fully funded programme, your child can enrol onto both days for free. If you qualify for a subsidised rate, you can choose which day/s your child attends.

The absolute minimum number of children needed to run the after school club (but not limited to) is 30 with a ratio of 1 tutor per 6 pupils.

**Please refer to the parent handout to find out what you qualify for.** Please ensure you read through all the relevant boxes to establish your qualifying outcome. Once you have deciphered what you qualify for, you can register online at [www.learninghive.co.uk](http://www.learninghive.co.uk)

Deadline for registering your child is Monday 31<sup>st</sup> May 2021.
