## Governors' Vision for the School

The governors of John Ruskin Primary School have a vision for the school that supports, encourages, and oversees the headteacher and her leadership team, the teaching staff and the support staff in their daily delivery of a well-balanced and challenging education to the children of the school. We support and challenge the school to be aspirational for all pupils, ensuring it is delivering an enriching curriculum that enables all children to excel; in particular ensuring that those pupils with special education needs and disabilities (SEND) and pupil premium children are well supported and achieve their potential. We shall continue to hold to account the organisation of the school and its delivery of the curriculum, to monitor the finances to ensure the best use of available resources, and to check on the buildings and estate to make the sure the children are learning in the best possible conditions. We work closely with the school, check that procedures are in place to ensure all children are kept safe and well and that they are happy and ready to learn. We will continue to update our awareness of current issues and trends by regular attendance at training sessions and meetings to be ready to meet any challenges the school may face in the future.
